

Redford Union Schools

Parental Consent for Enrollment In Virtual Courses

Student Name: _____

I understand the commitment and responsibility required of on line courses.

Additionally, I understand that Redford Union Schools will provide the following to help ensure the successful completion and help promote grade progression.

- All courses taken and passed will generate credit towards the pupil's high school diploma or grade progression
- Some courses taken on line will be from a board approved catalog or statewide virtual course catalog. These courses will require a weekly two way mentor teacher interaction.
- Some virtual courses will be taken using a software program on the computer where the teacher is in the room monitoring the students. Daily attendance is required.

By signing this form, I give my informed permission to allow my child to enroll in on line courses through Redford Union Schools when appropriate.
